"I weighed in today and literally cried, I'm 11.4 kg lighter! And 57 cm smaller to! I've never been so happy with my hard work before. I just wanted to let you know that my mind is right, my heart and determination are up and kicking goals like this makes me sooo incredibly happy!!

Thank you so much for being such a beautiful support."

"I wanted to give you some feedback. I've been working with another trainer and I don't think I'm going to finish, it's not working for me. She's lovely but is a "just stop eating this stuff" and "how you should just cut out stuff" and blah blah blah. It made me appreciate more how you talk to us in a realistic way. About real struggles and achievements that normal people go through. Not just a go do this and you will be awesome. You talk about setting yourself habits or patterns that are small steps that are achievable and working up to the big picture. So just to reiterate you are brilliant!"
